POFPS Nominating Committee  
1330 Eisenhower Blvd  
Harrisburg, PA 17111

Dear POFPS Nominating Committee,

I am writing to express my interested in the position of Delaware Trustee to the Pennsylvania Osteopathic Family Physician Society. Although I live in Maryland, I practice in Sussex County, Delaware and feel there is an opportunity for improvement in membership recruitment and communication with Delaware Osteopathic Family Physicians within POFPS. I would like to use this position to find ways to better reach these physicians, inform them of POFPS member benefits and services, and represent their interests.

Since medical school, I have been very active both nationally with the American College of Osteopathic Family Physicians, and locally, with POFPS as well as other state societies while I was practicing elsewhere. I have served on several committees within my workplace and with my state and national ACOFP. I feel I can bring this experience as well as my energetic outlook, to the POFPS Board.

Thank you for your consideration.

Warmly,  
Hilary S. Haack, DO
