Dr. Masser, Dr. Bradley, Mr. Sandusky,

I write today asking to be considered for the position of POFPS Secretary/Treasurer. As you can see on my attached CV, I have been a member of POFPS since 2011 and a Trustee on the POFPS Board of Trustees since 2015. In that time, I have come to appreciate the effort put in every day by my fellow osteopathic colleagues in Pennsylvania to keep Family Medicine as we know it and as we want it to be running. I have learned more about the issues that not only I face on a daily basis but also other family doctors throughout the state. We have wide and varied interests and POFPS is always there to back us up on them. I have appreciated my time on the Board and would like to be able to contribute even more as an officer of the organization. I have been a member of several committees for both POFPS and POMA, as noted in my CV. My most recent involvement has been as the chair of the Public Policy Committee, a role which has helped open my eyes as to what goes on at a state and national level and how we need to be involved to make appropriate change happen in the legislative arena for medicine. If you have any other questions or would like to speak further, please do not hesitate to reach out. Thank you for your consideration.

Fraternally,
Christine Rohanna, DO, FAAFP
