

To the nominating committee of the POFPS Board of Trustees,

Thank you for the privilege of applying for a position on the POFPS Board of Trustees. I am a full-time osteopathic family physician, practicing with UPMC Partners in Health in Delmont and Murrysville, Pennsylvania, since 2005. I graduated from the Lake Erie College of Osteopathic Medicine in 1999, completed an AOA Family Medicine Residency at Metro Health Center in Erie in 2002, practiced with UPMC Seward from 2002 to 2005, and completed a Masters in Health Services Administration degree from LECOM in 2018. I have been a member of POFPS since 2015.

My practice areas of interest include women's health, preventive medicine, and behavioral health, as well as medical education. I was instrumental in bringing a clinical clerkship program to UPMC East in Monroeville on behalf of LECOM in 2018, and served as their Director of Medical Education at the beginning of that program. I continue to teach third and fourth year medical students from LECOM and the University of Pittsburgh each month, and I hope that I have been able to share the unique philosophy and practice of osteopathic medicine with them.

I actively serve on the Executive Committee at UPMC Partners in Health, helping support our physician group as we navigate through administrative policies. I also participate with the UPMC Patient Satisfaction Physician Advisory Committee: using my clinical experience as a family physician to help bridge the patient's and physician's perceptions of their office encounter into a mutual state of understanding of their experience.

I am a proud Fellow of the ACOFP, having been elected to the Conclave of Fellows in 2019.

As a mother of two teenagers with 20 years of clinical practice and teaching, and an MHSA degree, I will strive to promote the mission of the POFPS with my experience, perspective, and energy.

I appreciate being considered for this honor.

Respectfully,

Jennifer L. Sepp, DO, MHSA, FACOFP

JENNIFER LYNN SEPP, D.O., M.H.S.A., FACOFP
