

3/15/22

Dear POFPS Board of Directors,

This letter is to express my interest in being considered for the leadership position of Vice President. I have been an active member of POFPS, joining the Board of Trustees in 2019, have served as a Delegate for Pennsylvania at ACOFP since 2016, have presented at the Annual Symposium, serve as a member of the Education Committee, Award Nominating Committee, and Chair the Resident Student Program. I have also been supporting our new Patient Safety credits initiative, providing the second talk in the series alongside three of my family medicine residents.

It would be my privilege to serve you in the capacity of Vice President. In this unprecedented time of being an osteopathic family physician during a pandemic, with burn-out rates increasing, ongoing staffing shortages and the rapid adaptation required to serve our communities, I would work to promote both the needs of academic osteopathic family physicians and trainees, and PA osteopathic community family physicians.

Thank you for your consideration.

Sincerely,

Jackie Weaver-Agostoni

Jackie Weaver-Agostoni DO, MPH, DipABLM, FACOFP
Program Director, Family Medicine Residency
Co-Chair, UPMC Med Ed ARQC Committee
